Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-017-17623-4>, published online 12 December 2017

In the Supplementary Information file ‘Dataset S1’ originally published with this Article, in the ‘DARTseq-samples’ tab, sample WL2140 was incorrectly labelled as JI2140. Furthermore, samples 711, 713, 714, 721, 722, P014, P016, P017, and L100 were incorrectly labelled in the ‘P\_sativum-elatius’ and ‘DARTseq-samples’ tabs as originating from VIR, Russia. The label now reads ‘Novosibirsk, Russia’.

These errors have been corrected in the Supplementary Information that now accompanies the Article.
